Andrew Clark, Principal
Roger Gurganus, Assistant Principal

Dear Parents,

Life can get complicated by the choices we have — so I'd like to help simplify one of them: where your children can get an excellent education.

Since 1994, Michigan residents have had the option to look beyond their neighborhood school and hometown school district for educational choices. But your best choice may be right here — at Brownstown Middle School.

For generations, our school has provided students with excellent programs designed to enhance their education, while also providing a safe, secure and stimulating learning environment for each individual. And we can do the same for your child.

In 1976, I started as a student myself within this district and returned after college to teach. Four years ago I was named BMS' principal. Throughout my career, I have seen firsthand the exceptional opportunities that await your children in our schools. I also know that education is a partnership between school, students, parents and community — and that children are more successful when we work as a team.

If your child isn't currently enrolled in our school, please visit BMS and see for yourself what we can offer. I think you'll like what you see.

Sincerely,

Andrew Clark, Principal
